

In-School Dental Care For Your Students

At **no cost** to your school!

Schools play a vital role in developing both the minds and bodies of their students. To help keep your students healthy and in school learning, partner with us to provide
IN-SCHOOL DENTAL CARE AT NO COST TO YOUR SCHOOL.

An urgent need

- **35% of student absences** are dental related.
- **4 out of 5** low-income children **do not see a dentist** during the course of a year.
- **1 in 7** children (5-12 years) are in **dental pain right now!**

A COSTLY PROBLEM

- Over **51 million school hours** are lost due to students' untreated dental disease.
- Elementary **students missed 2.1 days** of school/year due to dental problems.

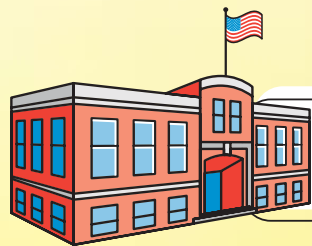

A RECOMMENDED SOLUTION

The U.S. Surgeon General and the American Dental Association recommend in-school dental outreach programs as an effective means of reaching low-income children with the care they need.

You can make a difference

Sadly, many children are without access to affordable dental care. Our program uses the latest technology in portable equipment, bringing dental services directly to your school. We partner with caring, local, licensed dental professionals to provide high-quality care to your students. Our program sets up a mini dental clinic right in your school.

Bringing dental services
directly to your school

Dental services may include:

- Dental exams
- X-rays
- Cleanings
- Fluoride
- Sealants
- Cavity treatment, if present
- 6-month follow-up (based on school schedule)

Our focus is on preventive services and minimally invasive care to treat cavities.

HOW THE PROGRAM WORKS

5 Easy steps

1. Schedule a dental visit date

2. Tell your students and their parents

3. Distribute, collect and return permission forms

4. Welcome the dental team on site to provide care

5. **SMILE!** You've helped keep your students healthy

Smile! You saved 2.1 days
per child treated, keeping your
students in school learning.
